WHY SHOULD YOU VOTE FOR ME?

- I'm a dedicated Straight-A university student at the University of Victoria, where I volunteer my time to do research with Indigenous Elders and act as a peer mentor
- I participated in the BC/Yukon Young Indigenous Leadership Exchange, which taught me about Indigenous economic development all over the world. This fall, I will present my work at the Leading the Way Conference.

- I have worked in the community since I was 10 in various roles. I currently work with the Great Blue Heron Way, supporting youth.
- I am a student law researcher for TFN's Traditional Laws revitalization program, which has taught me about Indigenous governance and our traditional laws.

I am a hard-working and dedicated leader who is passionate about our community's well-being.

WHY AM I RUNNING?

I am running for TFN Legislature because I care deeply about my family and community.

My mom always taught me to be proud of who I am and where I come from and she modeled strong Indigenous female leadership for me at a very young age. I believe that our youth and our women deserve to have their voices uplifted and I hope to be able to represent them in governance.

I'm also running because I recognize the struggles and impacts of intergenerational trauma in our community and I want to uplift the health and wellbeing of all of our members.

MY VALUES

- Focused on health, mental health and well-being through social services, especially for our vulnerable members
- Environmentally sustainable, responsible, and culturally grounded economic development
- Uplifting our youth and honouring our Elders and Ancestors
- Reconnection to the land and culture is necessary for our healing and well-being

HEALTH IS WEALTH

In order for our community to thrive, our members need to feel healthy, strong, and supported!
