

Hello I am Melinda Cassidy., my ancestral name is sx^wamiyə, I was born in the Okanagan and moved to the Tsawwassen lands after graduating high school in 1999. The majority of my working life has been spent working for Tsawwassen First Nation. I enjoy crafts, paddleboarding and spending time with family and friends.

Please Vote for Melinda Cassidy

My experience with TFN is diverse, I have sat on several terms of the Legislature, the Enrolment Committee, I have worked in Early childhood programs, Education, and varying roles within the administration. For the last 9 years I have worked in Archaeology and more recently in the new TFN Repository.

I believe that our leadership should be a team with a diversity of skills and strengths and that a key qualification to sit at our legislative table is to respectfully listen to everyone's views and opinions while ensuring that they also voice their perspectives.

My priorities are Education, Employment and Community Safety and a sustainable Economic Future.
