

BYRON WILLIAMS

FOR COUNCIL / LEGISLATION 2026

To my fellow citizens/members, if I may please have a minute of your time to read this letter. It is a requisition, pledge, and appeal for my candidacy to be elected on the Tsawwassen First Nation Council or Legislature.

I am Byron Williams and I have resided the majority of my life on TFN lands. My roots in TFN come from my father's side, WILLIAMS/JOE. My son Maddux was born mid July this summer; he is the primary reason and purpose for my decision to run for office. I'd like to be involved in our government's process of continuing our Nation's progress moving forward. I will do my best to create a positive and flourishing future for our children and members while keeping myself and members informed, and ensuring everyone gets treated fairly and equally. I believe it would be beneficial for our elected government to have more diverse representation (different families) to promote more diplomacy.

With our TFN Tribe not being too large compared to our Nation's potential with its assets and lands, I want to see our people thrive and prosper together. That being said, I'd like to maintain or make improvements to our distributions, health care, education, environmental care/management, and ensure that our Elders are taken care of. Some other projects I'd like to improve or create are waste management solutions and reviving the TFN dock at the river. Most importantly, I would like to explore the idea of building a hospital; being a self-governed Nation could put the hospital in a unique position for its regulations compared to standard Canadian hospitals. If such a hospital came to fruition, it would be essential that it could prioritize members but also become another source of income for our Nation. I believe this is necessary because most hospitals are quite overwhelmed, but having our own hospital could reduce wait times for vital treatments.

In closing, I believe there is significant potential and many avenues to explore. I hope I have earned your vote to represent you and yours in Council or Legislation. I wish all other candidates good luck and I wish everyone all the best.

Feel free to reach out to me,
Call or text: 604-341-2745
